
INFECTION CONTROL FACE SHIELDS

RESPONDING TO THE COVID-19 PANDEMIC

Infection control face shields are intended to add a layer of protection between the healthcare worker and patient. Constructed with a clear PETG / polycarbonate plastic barrier, urethane foam headband, and knit elastic / hook and loop band, these are durable and withstand harsh environments.

Laird Plastics®
One Source - The Right Way®

Manufacturer: Laird Plastics

Shield Material: PETG or Polycarbonate
