

DIGITAL IMAGING
PRODUCTS & SERVICES

For Sports Graphics, Stadiums, Recreation Facilities & Universities

We deliver with *speed*, precision,
& quality in mind.

For over 30 years, we have been bringing the walls around us to life! Specializing in taking what is just an ordinary, practical, and functional area and turning it into a conversation piece. From custom decorative glass graphics to gorgeously designed wall graphics, panels, murals, and more. We pride ourselves on turning the ordinary to the extraordinary.

Sports are a big part of our lives. From banners for minor league and collegiate sports organizations to large-scale signage for professional teams as well as stadium and arena signage to facilities nationwide. Color Reflections offers customized banners, posters, flags, building signs, wall murals, window graphics, dimensional signage, illuminated signage and even sports vehicle graphics wraps. Get your name, logo and message out nationwide today!

If you don't see what you need, just ask. We offer a vast array of services and can customize to your exact graphic production needs. Whether you need one 8 x 10 print, or a thousand 50 x 200 banners, whether delivering to a local address or drop-shipping to 200 locations, Color Reflections can give you the highest quality products, delivered on time!

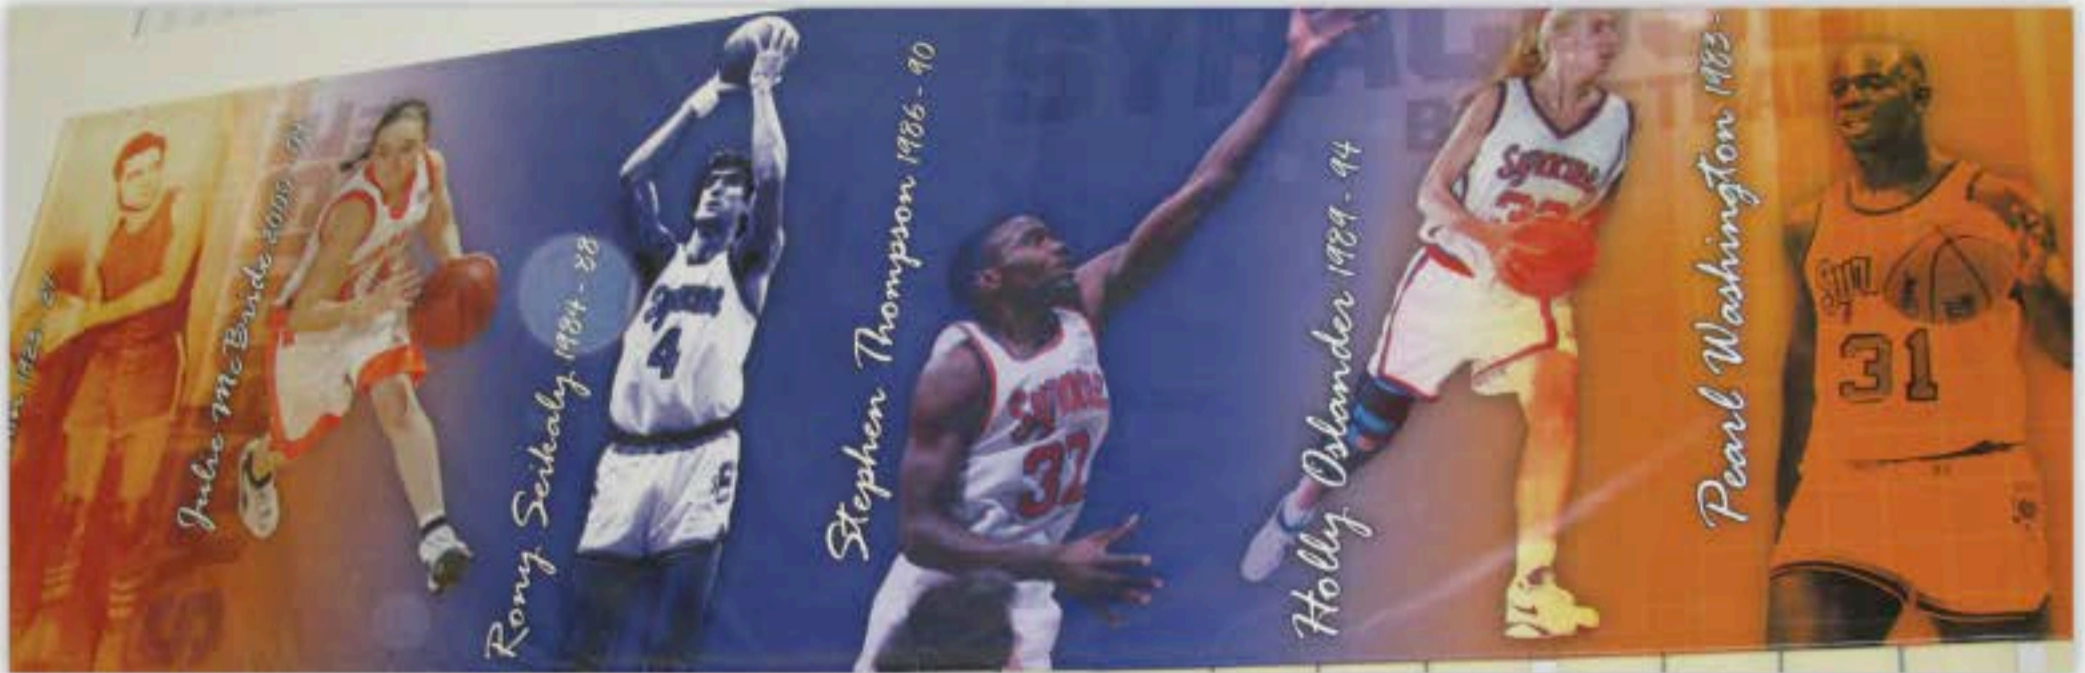

We can add pop and personality to any space utilizing the wall space. By designing full or partial wall murals that we print to a commercial grade wall covering or a warranted 3M certified graphic film. We offer many finishes and installation services.

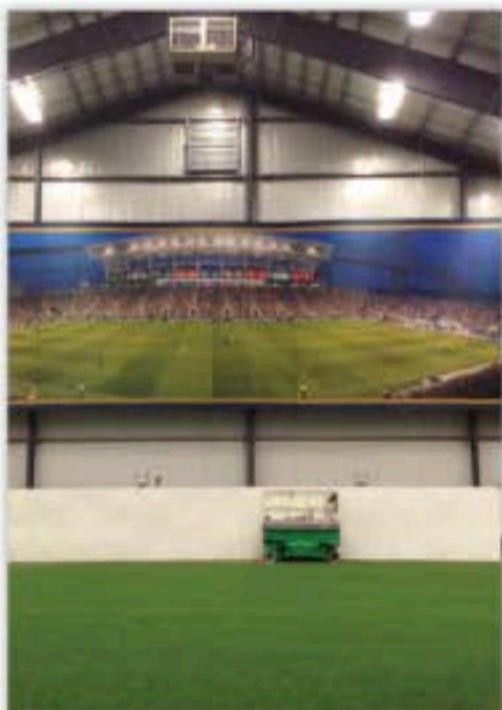

Now you can create truly remarkable window graphics and displays using our optically clear films digitally printed on our high quality inkjet printers. Expand your graphics options by creating effects that allow glass to be transformed into anything the mind can imagine. They can be used for temporary POP or permanent installation.

Banners draw the highest visibility to your products, event or business. Banners can be produced in many sizes, shapes and printed digitally in full color for indoor or outdoor uses. Hanging signage can be designed for short term uses for events or as your long term business identity sign. Our experienced sales team will work with you on a custom solution that fits your time line & budget.

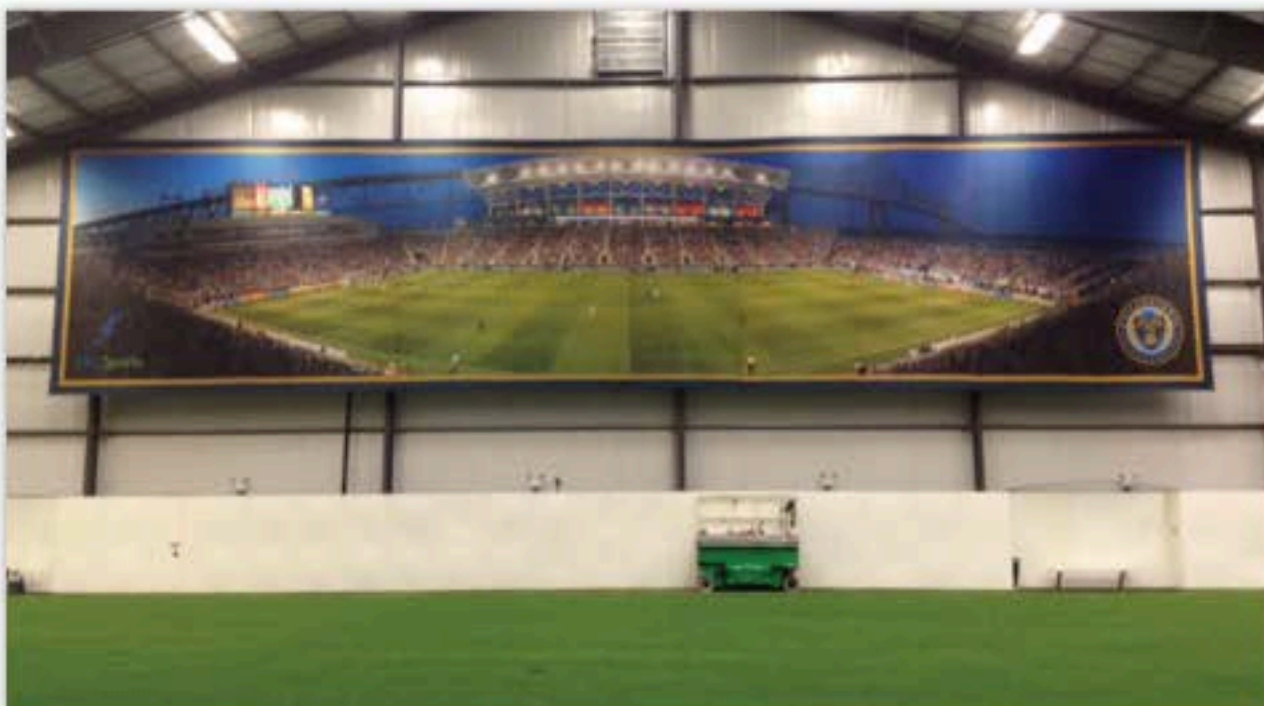

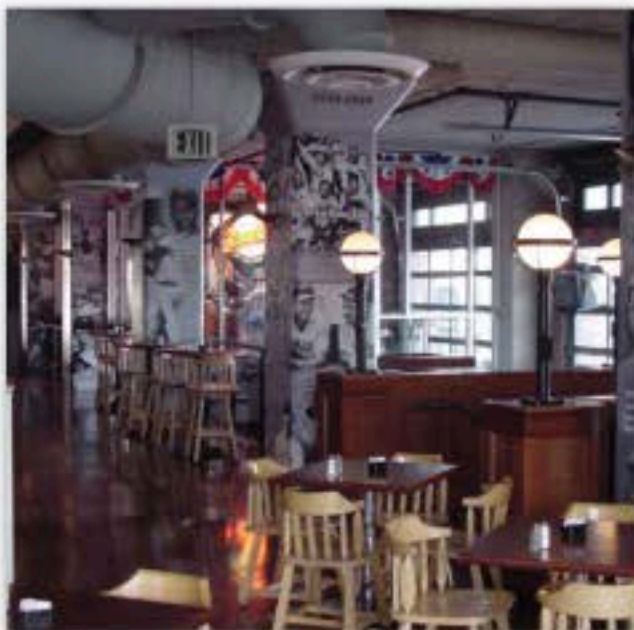

Add dimensionality and pizzazz to sports facilities, lobbies, and conference rooms. With our custom printing to the fronts or backs of Plexiglas we can create a look that is very unique and eye catching. Adding standoffs or cable systems as a way to attach these to the walls or ceilings make it even more dramatic.

Exterior Building wraps and graphics make a great impression because they're BIG and BOLD. Color Reflections can provide unique solutions for your exterior graphic needs. There's no limit to what we can do with 3M solutions - no building is too big or too small and we can wrap any type of surface (from brick and stucco to windows and smooth surfaces).

Let Color Reflections turn your floors into valuable marketing space with custom floor graphics. They are perfect for airports, convention centers, shopping malls, medical centers and sporting events. They work on ceramic tile, sealed concrete, hardwood floors, vinyl tile, sidewalks and even stairs. Your message will literally stop potential customers in their tracks.

Let our installation team handle your project from site inspections to installation. Color Reflections has the capability and experience to install your project with attention to detail, coordination, delivery, safety, and workmanship that contributes to a successful project. We offer national project management and installation.
